

BITS 2016 Call for Late Posters

Authors can submit contributions for their presentation as Late Posters to BITS2016, with the same topics covered by the expired [Call for Oral Presentation and Posters](#).

Abstracts will be reviewed by the Scientific Committee and accepted solely for poster presentation or rejected in case they do not match the scientific standards of the conference.

Authors presenting only Late Posters are not entitled to require a Travel Grant.

Submission of abstracts for Late Posters requires registration to the conference within three days after the acceptance notification. Each registered participant may be the presenting author of one oral communication and one poster, or two posters, including Late Posters.

Important Dates

April 29, 2016: Regular Abstract acceptance notification (Oral communications and posters)

May 2, 2016: Communication of decisions on Travel Grant assignments

May 9, 2016: Deadline for early registration to the conference (required for authors of accepted regular abstracts)

May 16, 2016: Deadline for Late Poster Abstracts submission

May 16, 2016: Final Program of the Conference

June 15–17, 2016: BITS2016 meeting
